DETAILED ACTION

Election/Restrictions

Applicant's election of the invention of Group I, claims 1-24, 33 and 34 in response filed October 28, 2003 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

The cancellation of claims 25-32 in response filed October 28, 2003 is acknowledged.

Claims 1-24, 33, and 34 are pending.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ms. Cathy Kudroff on January 13, 2004.

The application has been amended as follows:

On page 77 of the preliminary amendments filed March 1, 2002, line 9 from the bottom, please add “,” after the phrase “the group consisting of O”.

The following is an examiner's statement of reasons for allowance: The claimed method of contraception in claims 1-24, 33, and 34 employing the herein claimed antiprogesterin, progesterin, and estrogen compounds in the specific regimen as herein

claimed is not seen to be taught or fairly suggested by the prior art. The use of herein claimed compounds for contraceptive is novel and unobvious.

Coelingh Bennink et al., reference of record in the parent application, 09/552,355, is cited to show the state of the art in contraceptive methods.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
